HARISH CLAYS

ENRICHING RESOURCES

BETTER INNOVATIONS. BIGGER BENCHMARKS.

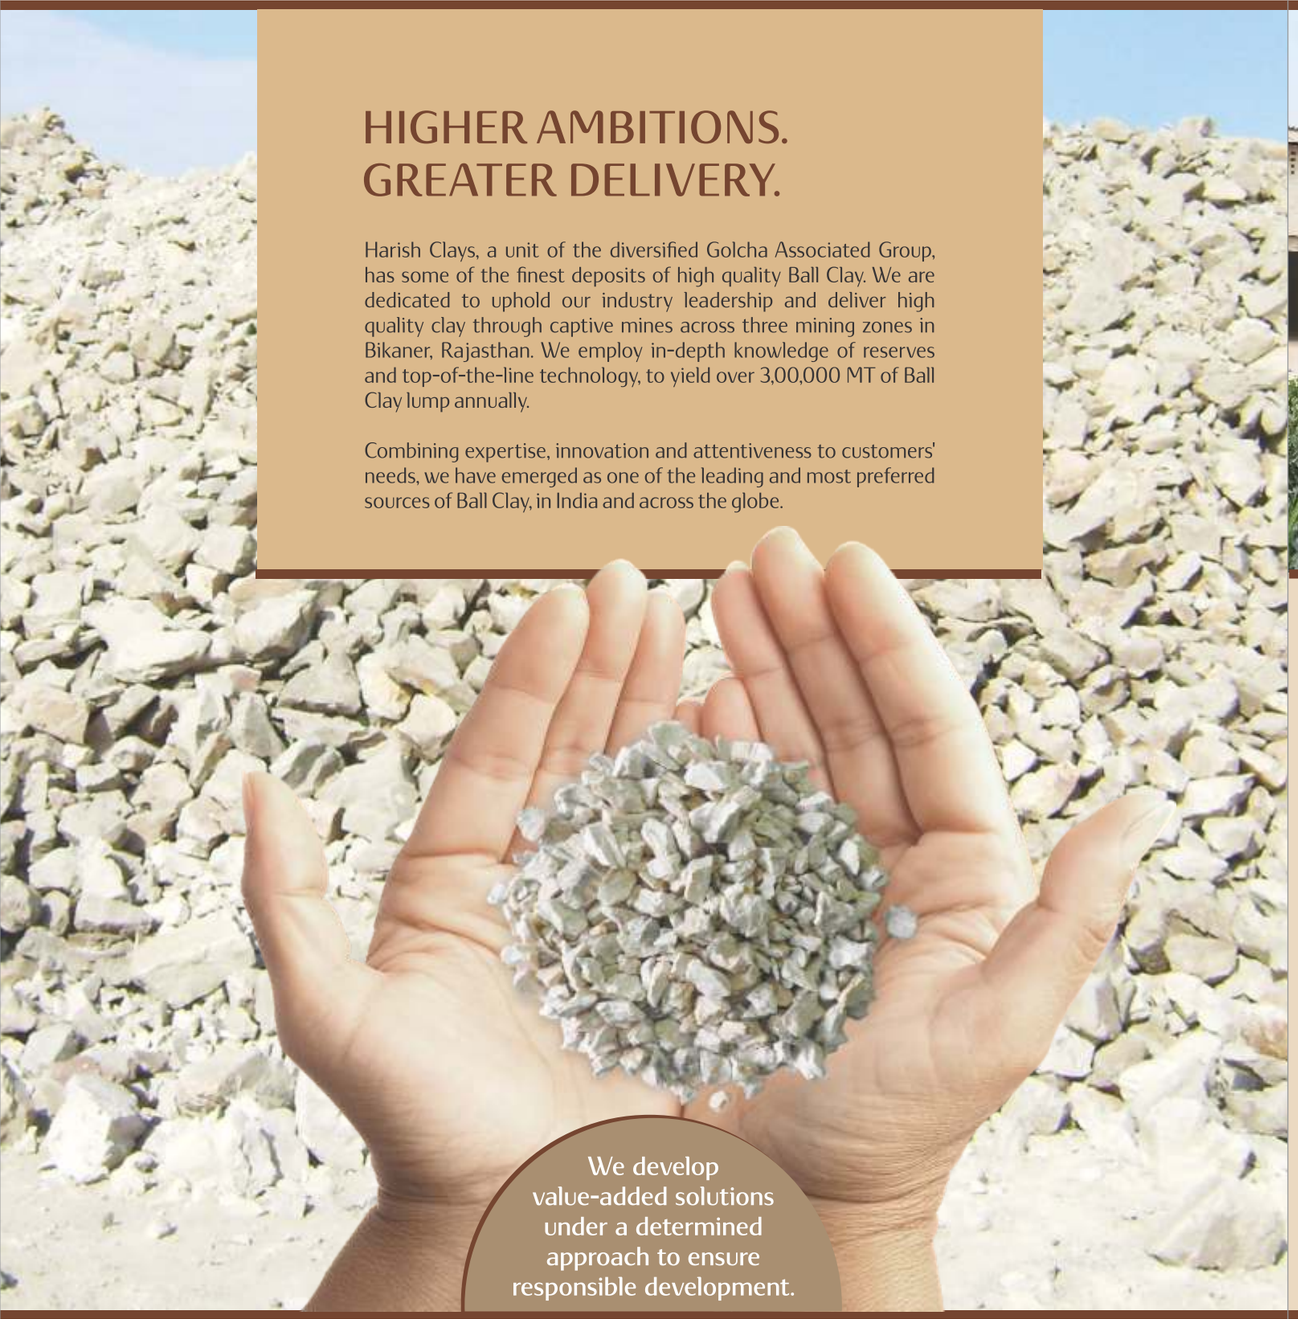

For over three decades, Harish Clays has been combining excellence and innovation to become a leading supplier of Ball Clay in lumps & powder form. Equipped with top-notch R&D and superior mining techniques, our teams maximise the properties of Ball Clay for thousands of consumer products. Not surprisingly, our products have been at the heart of solutions, touching lives every day.

GOLCHA ASSOCIATED

HIGHER AMBITIONS. GREATER DELIVERY.

Harish Clays, a unit of the diversified Golcha Associated Group, has some of the finest deposits of high quality Ball Clay. We are dedicated to uphold our industry leadership and deliver high quality clay through captive mines across three mining zones in Bikaner, Rajasthan. We employ in-depth knowledge of reserves and top-of-the-line technology, to yield over 3,00,000 MT of Ball Clay lump annually.

Combining expertise, innovation and attentiveness to customers' needs, we have emerged as one of the leading and most preferred sources of Ball Clay, in India and across the globe.

We develop value-added solutions under a determined approach to ensure responsible development.

HARISH CLAYS

ENRICHING RESOURCES

STATE-OF-THE-ART INFRASTRUCTURE

Our state-of-the-art infrastructure enables us to meet the bulk requirements of our clients, efficiently. Ultra-modern, high efficiency machines facilitate smooth handling of huge volumes on a day to day basis, with same day dispatches as well.

Backed by the latest tools and techniques, trained & dedicated staff, we add solidarity to our commitment towards quality and delivery; ensuring the highest client satisfaction.

With a production volume of 25,000 MT Clay powder, we cater to clients across sectors.

WORLD-CLASS R&D

Quality at Harish Clays is ensured by a two-tier quality management system. Well-equipped laboratories at grinding units as well as the central laboratory at Jaipur work in tandem to guarantee excellence.

The research and development (R&D) team keep constant watch on routine production and continuously works on developing new products for better application. They are instrumental in understanding the needs of customers, thereby enabling us to not only recommend the right product to our customers, but to also produce tailor-made solutions, when required.

The R&D team is equipped with sophisticated equipment like:

- XRF
- Biscometer
- Extruders
- Particle Size Analyser
- MOR Testing Machine
- Spectrophotometer by Minolta

HARISH CLAYS

ENRICHING RESOURCES

CONSISTENT QUALITY. SUPERIOR STRENGTH.

We combine the most modern technologies with world-class mining assets to offer reliable and highest grade of clay at all times. Harish Clays holds the reputation of manufacturing the finest Ball Clay powder like SM 500, SM 400, Golmax T, Ceramax, Paintax etc. Due to efficient processing technology and high-quality deposits of raw materials, all our products provide:

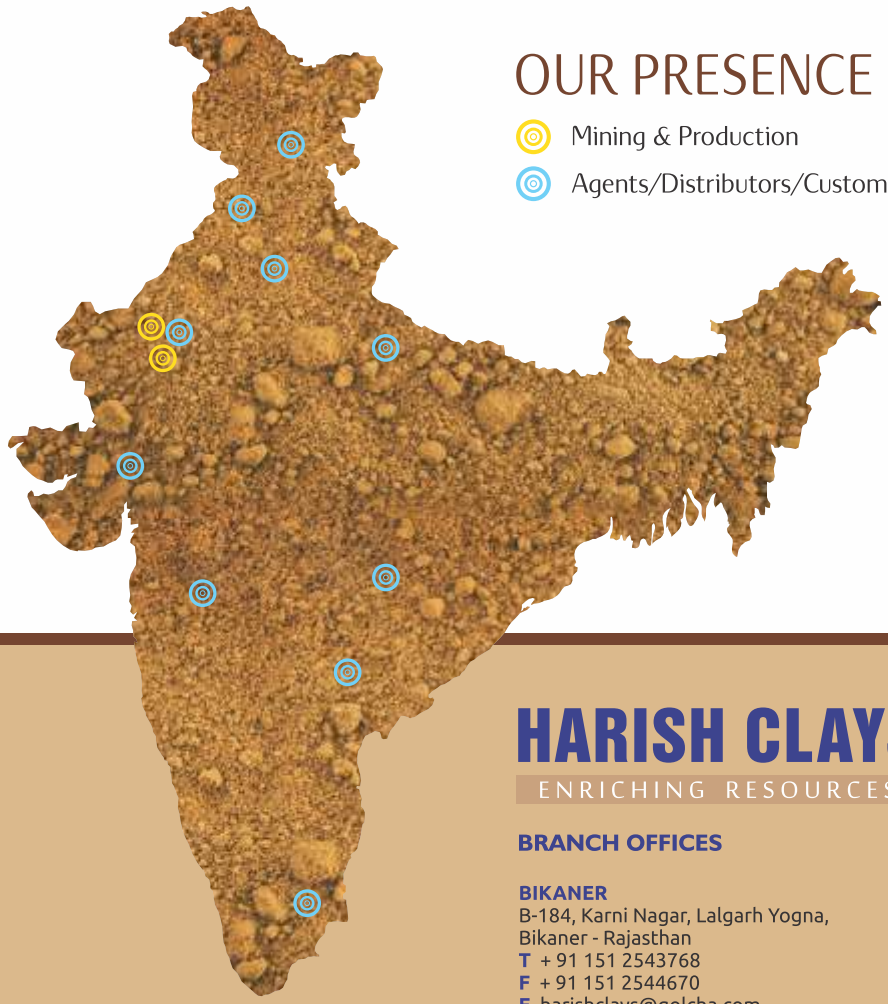

- Excellent insulation
- High unfired strength
- Controlled residue
- Excellent workability
- Favourable drying and firing behavior
- Improves shaping properties of large-sized product due to plasticity and modulus of rapture

Segment	Grades Recommended	Property Enhancement
Sanitaryware	SAINIFILL, HG 2	1. Improves Plasticity 2. Workability 3. Improves Strength
Ceramic Vitrified Tiles	HN 1/ SUPERPLAST	1. Improves plasticity and strength 2. Can be used as a partial replacement of imported Clay (Cost Benefit) 3. High Whiteness & L Value
Ceramic - Wall/Floor Tiles	SUPERPLAST, CERAFILL, REFASIL, HG 2	1. Improves Plasticity and Glaze 2. Bonding Properties
Table Ware/Pottery	SUPERPLAST, HN1	1. High Plasticity 2. A good white fire color
Glazes and Engobes	SUPERPLAST	1. Ensures the perfect finish
Refractory	SUPERPLAST, CERAFILL, REFASIL, CERAMAX, PAINTAX, GOLMAX	1. An ability to resist the effects of extremely high temperatures 2. High content of Alumina, so increase resistance
HT/LT Insulator	SAINIFILL, SUPERPLAST, CERAFILL, HG 2	1. Provide Insulation
Rubber-Tyre/Tube	SM 500, SM 400, GOLMAX T	1. Good Filler 2. Cost Effective
Soap/Detergents	CHINA CLAY N , PAINTAX	1. Efficient Filler 2. Cost Effective

These products find wide application across broad spectrum of industries like High Electro Porcelain Insulator & Sanitaryware, Vitrified & Wall-floor polished tiles, Detergent & Rubber, Tyre & Tube, Refractory & Bricks among others.
